SKILLS & TOOLS

Java	HTML & CSS
JavaScript/JSP	C
Swift	Git
PostgreSQL/pgAdmin	Xcode
ReactJS	Node.js
AWS Lightsail	Figma
Wireframes	Prototyping

EDUCATION

McGill University

2018 - 2022
Bachelor of Science, Computer Science
cGPA: 3.73/4.00

PROJECTS

Securicard

2nd Place
BOLT 2019 FinTech Case Comp/Hackathon
Created a demo and business plan for a digital business card distributor software service for small businesses using Swift/Xcode.

Digi-Fridge

McWics 2020 Hackathon
As a sustainability hack, my team and I created a digital fridge mobile app using React-Native/JavaScript to help reduce food waste and increase organization and budgeting.

Spark

Summer 2020
I was asked by a group of students working on an educational live-streaming app to create their UX/UI Design Wireframes using Figma.

DARIEN HONG

SOFTWARE ENGINEER

PERSONAL PROFILE

I am a full time university student interested in Front-End Development, Product Design and UX/UI Design. I'm always looking for opportunities to learn novel things and discover new passions.

WORK EXPERIENCE

Software Engineer Intern — Front-End + Full Stack

SMB Legal | June 2020 - Aug 2020 | Santa Monica, CA
(Remote)

— Created the website/software service for the start-up from scratch using **ReactJS**, **postgresql**, **Node.js** and **AWS** services

— Helped design the **UX/UI** of the web application alongside a designer

UX/UI Researcher & Designer

School R&D | June 2020 - Sept 2020 | Montreal, QC (Remote)

— Worked as a freelance **UX/UI** Researcher for an educational platform start-up

— Researched the foundations of **UI Design** and helped create a base design for the web application

INVOLVEMENT

Vice-President Helpdesk & TEAM Awardee

Computer Science Undergraduate Society | Sept 2019 - May 2021

— Oversaw McGill's CSUS Helpdesk initiative and organized daily tutoring office hours + review sessions and bootcamps

— Received the Tomlinson Engagement Award for Mentoring for high academic performance and undergraduate computer science tutoring

Front-End Developer & Vice-President Events

Design Collective | Jan 2020 - May 2021

— Created the club's official website using **Figma**, **HTML**, **CSS** and **Webflow**

— Organized the club's weekly events, including Design workshops (UX/UI, Prototyping etc), Design Challenges, and guest speaker panels
